

2017 FALL ASSEMBLY DISTRICT 8 REPORT TO THE AREA

Our District Rep has had to step down. Fortunately, we have had many volunteers to help out. Heather has stepped back into the DR position. Leslie and Terri have stepped into the web coordinator and meeting schedule position and just recently, Sheri has stepped into the Alateen coordinator position.

We have had 5 people sign up to be AMIAS, with hopes of one or two more. There is a need for Alateen and we are hopeful that something can get started in our district. Alateens are currently being brought to two Al-anon meetings. They are a wonderful addition.

A new meeting has started in St George, Friday Serenity Seekers. Now there is a meeting in District 8 every weekday. There is need for additional meetings. We have released a survey in the district asking for input on where/when/type.

Several people have been volunteering to help with Public Outreach. Several AFA's have been placed with treatment facilities, doctor offices, and some police stations. There have been discussions with AA Dixie Central Office to have Al-anon literature available. They have more friends and family come in with questions/help than they have alcoholics. We are still working out the details, but it is possible that we will have an Al-anon member volunteering time at Central Office in the near future. Recovery Days was very busy. We had three shifts of members manning the booth. The speakers this year even included an Al-anon member!
