

2017 FALL ASSEMBLY RECORDING SECRETARY REPORT TO THE AREA

After Spring Assembly, it became clear to Elaine that her personal life would need to take a front seat to her area service work so I agreed to take the recording secretary position when she put it down. I love taking minutes (sick, I know) because it helps me reinforce my learning and hopefully it is contributing something useful to the area.

Since I helped Jacklyn get the ball rolling on storing area records on DropBox, I took the opportunity to move whatever electronic files I could find and certainly any I created during my short tenure. I realize that I may have to rename many of the files to suit the naming convention decided on by the Archives Committee, but at least it's a start.

I want to give a special shout out to our new Area Chair, Patrick, for holding regular AWSC meetings throughout the year as I think it has kept the group more focused on the issues of our members and I think good things will come of it.

Thank you for allowing me to serve,

Chris C.
Area Recording Secretary
