

## Group Records Secretary Report

Good day Utah Area!

We currently have 58 groups and 1 electronic group. Some of these groups have newcomer meetings prior, and the Spanish Speaking group in District 03 meets M-F under the same group number.

New to group records is that WSO is wanting us to remove any e-mail addresses in the group email that have personally identifiable information in them. So if your full name is in there, we need to change it to a general email address.

Here is the information on groups by District:
