

District Representative Report D/3
Spring Assembly 2026
Submitted by Kurt Larson

District 3 has passed the torch to the new Panel 66. Everyone elected in August of last year has started their service. We have had 2 District meetings this year. Each service member in District 3 is picking up where their predecessors left off and is moving forward with their respective positions.

We currently have 31 active meetings in the district, which is a growth of 3 since the last Assembly.

AMIAS annual training has been moving forward in the district. The February District Meeting included AMIAS training during the later portion of the meeting. Last year we had 11 AMIAS certified in the district and we have many additional folks interested in becoming AMIAS certified.

The district held its annual District Holiday Fundraiser last December which was a successful and great time for all who attended.

The district is working on setting up several future events for the year. The Chili Dinner and Dessert Auction Fundraiser is scheduled for April 11.

The district hopes to provide several workshops focused on helping each of us continue progress on our Alanon recovery journey.
